

# SOCIETY

By Bertha Hempstead

Mrs. Tom King entertained her bridge club this afternoon at her apartments in the Baker. Besides the members of the club, there was a guest table for Mrs. Walter Hayes, Mrs. Joe Morgan, Mrs. Horace Humphreys, Miss Helen McIntosh and Miss Eva Smith.

Mr. and Mrs. J. J. Myers returned Sunday from a four weeks' trip to Honolulu. Mrs. Philip Myers of Minot, N. D., accompanied them on the voyage, and returned to Topeka with them. She will be their guest about a week, at their apartments in the Baker flats.

Among the Topeka women who are planning to attend the D. A. R. convention in Wichita Wednesday of this week are: Mrs. George Godfrey Moore, regent of the Topeka chapter; Mrs. L. L. Kline, vice regent of the state chapter; Mrs. A. M. Petro, Mrs. H. H. Welby and Mrs. J. M. Brant. They will leave Tuesday night.

Mrs. P. A. Broderson will be hostess at a meeting of the Research club Friday, March 31, at her home, 1113 Van Buren street. The subject for study will be City and Health. Mrs. S. J. Clark will read a paper on "The Ideal City." Mrs. S. A. Alf will discuss "Public Health" and Dr. Madge Gabriel will conduct the round table discussion.

Meanwhile, one's new straw hat asks distractingly, "Can this be spring?"

The Spalding Reading Circle will meet tonight at the Knights of Columbus hall. The music for the evening will be in charge of Miss Mary Sanda. Music numbers will be given by Miss Sanda, Mrs. B. L. Northam, Miss Leota Harper and Miss Maud Mary Kline.

Up at high school, they say, there is a girl who never answers "I don't know" to any question. She takes long chances on giving a correct answer, but she always has some sort of answer ready. The teacher of science was conducting an experiment, in which he had weighed some mixtures on which the class had recited a lesson. "Why," said he to our heroine, "why does the mixture in this tube weigh more than the mixture in the other?" "Because," she answered without a moment's hesitation, "because it's heavier."

The club women of Topeka are mightily interested in public gardens, federation convention, suffrage convention, D. A. R. convention, and a dozen other public and private enterprises, but they have not allowed any interest to interfere with their plans for the advancement of the city and music in the town. So they have arranged for the second community sing to be held at the auditorium Tuesday night. Everyone who wishes to come is cordially invited. The affair is open to all the public, and a list of old, favorite songs will be sung by everyone in the audience who wishes to sing.

One of the women of the committee in charge of the affair said this morning: "It is a great thing for the children to have music taught in the public schools, but people must not stop singing as soon as they get to school room. They should go on expressing themselves musically all their lives. The public is hungry for music and it is growing every day."

## Make Skin Smooth

There is one safe, dependable treatment that relieves itching, itching instantly and that cleanses and soothes the skin.

Ask any druggist for a 26 bottle of Zemo and apply it as directed. Soon you will find that pimples, black heads, eczema, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes all skin eruptions and makes the skin soft, smooth and healthy.

## LIQUID BLUE?

No, Mr. Grocer, that's mostly water. Since the war started it's more nearly all water than ever. Give me Red Cross Ball Blue, that's a two-ounce package of real goodness. You should use my clothes. I just can't keep from smiling out loud.—Adv.

## Springfield People Report on Vap-O-Rub—"Outside" Treatment

Results of Test Made Last Winter by Springfield People Now Announced.

In the South, everyone uses Vick's Vap-O-Rub Salve, the external treatment for all forms of cold troubles, but it was introduced in Springfield, Mo., for the first time, last winter. Naturally, the local druggists were skeptical, they "had to be shown" that Vick's Vap-O-Rub really would relieve most cases of croup in fifteen minutes, and colds over night. So arrangements were made for each druggist to present complimentary jars of Vap-O-Rub to a few of his customers, on condition that they give it a thorough trial. Among the customers of the J. W. Crank Drug Company were Mr. John Turner, 1501 N. Campbell St., and Mrs. Bert Hume, 1226 Howard St., and Mrs. Hattie Gibbons, 822 W. Division St. Their reports are as follows:—

Mr. Turner reports:—"I and my family have used Vap-O-Rub for catarrh, colds in the head, sore throat, and also in a severe case of pneumonia I suffered. We found this to be excellent and our family doctor recommended its use along with his medicine."

Mrs. Hume writes:—"We have used Vick's Vap-O-Rub Salve for colds in the chest and head and find it fine. I just rubbed it over the throat and chest and in a minute it seemed as if the children breathed easier."

Mrs. Gibbons says she used Vick's Vap-O-Rub for her mother, who had such a cold she could not speak above a whisper for a week. "We just rubbed Vap-O-Rub over her throat and chest

desire more to furnish its own song. There is nothing better than community singing to raise the musical ideal of a community. It assists in the discovery of latent talent; it means laying aside the cares and burdens of the day, and it promotes a spirit of good will and cooperation among the people of the town. It likewise enables everyone of us to contribute something to the town, and what we should not do is what can be the community give us, but what can we give to the community?
